#### EARLIER PROGRAM:

Bessie Dallas introduced our guest speaker, whom she had heard in her recent visit to the club in Hickory, NC. He was Ed Mattson, head of the Linda Mattson Wings of Hope Cancer Foundation, dedicated to "Unconventional Help for Children with Cancer."

An enthusiastic, at times thunderous speaker, Ed told us about the work his foundation is doing in America and abroad to help kids (and adult Rotarians) with cancer. Some key parts of the Foundations efforts include: coordinating a crew of Rotary pilots who fly kids wherever needed for diagnosis and treatment; maintaining an extensive research library; providing information and facilities for private and donor cord blood banking; and an extensive hospital relief program in underdeveloped countries.

One of Ed's specialty areas, arising from his education as a biologist, is staying abreast of and widely disseminating information regarding the newest treatments for various kinds of cancers and other diseases.

Two of the most important components of his message to us were that the U.S. is the best place in the world for treatment of cancer, and that some of the most important volunteer and coordinating work in the world is being done by Rotary. His closing words were, "Thank God for Rotary!"

### Rotarians meet the Campers

A trio of Campers sang the Nation Anthem to open our meeting. Shiloh staff cooked a great lunch, and the program was positive!

Only a few Rotarians could keep up with the Campers on the math quiz. No Rotarians tried to match the work the Campers have done on the hats. This well presented program made everyone feel that Camp Rotary is a winner for everyone!

right: Tracee Reiser shares a moment with the new Camp Director Reona Dyess-Dunham. Tracee (past director) is the one with the big smile!

HOW MUCH IS A SMILE LIKE THIS WORTH?
